

AirFit™ N30
Nasal cradle mask

Awaken your best.

Simplicity from the start

ResMed AirFit™ N30 is the CPAP mask that discreetly fits into your lifestyle to help you stay on therapy. Our lightest mask ever* features a soft, curved nasal cradle cushion and an adjustable QuickFit™ elastic slip-on headgear.

* As of October 2019. The total weight of AirFit N30, which includes the headgear and excludes the packaging, is 45g. AirFit and QuickFit are trademarks and/or registered trademarks of the ResMed family of companies. For patent information, see ResMed.com/ip. Specifications may change without notice.
